

SUSTAINABILITY POLICY

For the collaborators, suppliers and clients of the Teyuna Recreational Center and the CAJAMAG Social Tourism Operator Travel Agency, the following are the fundamental principles on which its sustainability policy is based, also considering sustainable rights and duties:

Protect the scenic beauty, natural resources, preventing air, water and good land use contamination where we have participation.

Promote, support and marketing within its services, activities aimed at the protection of local cultural heritage, preventing social risks such as sexual exploitation against children (CSEC) and inclusion to communities.

Contribute to improving quality of life in our communities creating job opportunities in goods / services required box and strategic management units, giving priority to the purchase or rental of goods / services to local suppliers.

Caring for the physical integrity of our employees, suppliers, affiliates and customers reporting the characteristics of the offered tourist destinations and timely way to use it.

continually improve our processes and activities sustainable management system in order to control, mitigate and prevent actions or impacts that harm the environment, community and economy.
